To Whom It May Concern,

PL Consulting Corp has provided our company with energy auditing services on multiple buildings managed under our portfolio. The energy audits helped us make informed decisions on energy saving projects and reduce our overall consumption at buildings where projects have been implemented. I would highly recommend their service, they were punctual, professional and have been diligent on following up with any of our requests. Their progressive approach and knowledge of new technologies allows us to explore all options available.

Should you have any questions with respect to the above, do not hesitate to contact us.

Yours truly,
Berkley Property Management Inc.
